Lehigh Career and Technical Institute – Mr. Fedorcha reported that this years’ senior awards and graduation will again be held at the PPL Center. Mr. Fedorcha added that their audit went very well. Next year Allentown School District will be losing a board seat and Whitehall will be picking up one seat for the LCTI board. The number of seats per district is based on market value, not student population.

Lehigh Carbon Community College – Mr. Green announced that there was a civil rights audit at LCCC. The only finding was that everything has to be done in three languages now: English, Spanish and Arabic. Mr. Green reported that a social counseling study was done at LCCC and 39% of the students consider themselves anxious and uncomfortable and cannot concentrate on their studies. Over 20% of the students had personal problems that were causing them extreme grief and 10% of the students indicated that at times they had considered suicide. Mr. Green congratulated Mr. Link on setting up and partnering with the Mental Health clinic. Mr. Link stated that it was an administrative team decision.

Mr. Link announced that coach David Oertner achieved his 1000th win as a Varsity Cross Country Coach. If you see him, please be sure to congratulate him on his achievement.

Mr. Link introduced Mrs. Alyssa Wingenfield, Project Engineer and Account Executive from McClure who updated the board on the completed and future projects. Next summers’ projects include new HVAC at the High School, and the other project that is currently not under contract, is the Science Room Lab at the High School. There is currently $1 million left from the original contract that has been approved, but not been spent. Mrs. Wingenfield informed the board at this point, the preliminary numbers show a shortage of $200,000 - $400,000 for the science lab. McClure is working with the contractor to reduce the costs and she will be back next month with the final cost of the project so that it can be voted on at the December meeting. Mr. Green asked if the contractor, Boyle, did the design and the quote for the project. Mrs. Wingenfield stated that an architect was used for the plans. Boyle offered to do the design and there may be savings by using their design. Mr. Green asked if there was a bid. Mrs. Wingenfield stated that a conceptual design was bid through some general contractors, and Boyle was selected. Mrs. Husack asked if the updated prices were for the additional two rooms. Mrs. Wingenefield responded no, the original design came in at $1.3 – $1.5 million and to add the other rooms would be a total of $1.9 - $2.1 million. Mrs. Heckman asked if we need more rooms. Mr. Link stated that we are working to keep the Science department in one area. Mrs. Husack asked if the rooms were individual seats and if they included group activity areas. Mrs. Wingenfield said the furniture has not been decided. Dr. Stoker stated that we are looking at modular options as well.
